産業資材に魅力を感じます。
目的をもって開発された素材が放つ存在感
のようなものに惹かれるのです。
素材が主役、デザインはシンプルで機能的に。
素材から製造まで丁寧な日本製はこだわります。
坂 雅子

I am attracted to industrial materials.
Their special atmosphere, which is created by the fact
that each of them is invented for a particular purpose,
fascinates me. The material itself is the main character.
Keep the design simple.
From the materials to production, all made in Japan.
